

Why Accelalpha?

Accelalpha is a global consulting services company providing Oracle Transportation Management (OTM) services that can support your business wherever you operate. We have developed pre-built integrations with Oracle GTM and Oracle WMS for the rapid deployment of a complete logistics solution. Our post implementation services, Accelalpha Continuous Evolution (ACE), enable you to get the most out of your OTM solution as your business grows and evolves.

Our Approach

Accelalpha has a global OTM consulting practice to support your business wherever you operate. Accelalpha has offices in Europe, Middle East, Singapore, and North & South America. Wherever your organization is, we can provide a transportation management solution that will meet your needs. With one of the largest consulting practices for Oracle logistics, worldwide, Accelalpha has the skills and experience you need to implement an Oracle OTM solution that will maximize your return on investment.

Having helped customers in many industries and in many regions of the world, Accelalpha has developed pre-built integrations with Oracle GTM and Oracle WMS for rapid deployment of a complete logistics solution. Accelalpha will also integrate your OTM solution with whatever ERP system you run, either on-premises or in the cloud.

The Accelalpha Continuous Evolution Services enable you to get the most out of OTM as your business grows and evolves. Oracle OTM Cloud is frequently updated and your organization changes over time too. Accelalpha's continuous evolution services ensures that your OTM solution continues to deliver for you and your company. We provide patch testing, proactive problem resolution, automation, integration, and additional capabilities to support your changing needs.
