

ACCELALPHA BUSINESS AND IT CONSULTING SERVICES

IMPLEMENTING, INTEGRATING, AND MANAGING
ORACLE CLOUD SOLUTIONS

The Journey

For more than ten years, Accelalpha has been an Oracle partner. We provide business and IT consulting services to implement and manage the full range of Oracle cloud applications. We work collaboratively with our clients to develop solutions tailored to their unique needs and our rigorous focus on business outcomes allows us to deliver measurable results for a rapid return on investment.

Whether you are implementing your first Oracle application, or migrating from an on-premises system to the cloud, or if you just need help managing your Oracle cloud applications, Accelalpha can help you with your digital transformation journey.

The Mission

Accelalpha will continue to be known as a premier consulting firm delivering high-value solutions. We will accomplish this by:

- Building strong and long-term trusted partnership with our clients.
- Investing heavily in developing industry specific solutions.
- Employing and nurturing the best consultants to meet our client's needs.
- Being the best organization to work for and the best people to work with.

The Approach

As an Oracle Certified Cloud Excellence Implementer, our proven, results-oriented approach helps us deliver quality results in a shorter time frame to develop and deploy agile solutions for our customers.

- Training and engaging the best teams by employing and nurturing the best consultants in the industry.
- Building trusted, long-term partnerships with our customers by blending with your corporate culture.
- Implementing best-in-class business processes by investing heavily in developing solutions and skills.
- Having consulting expertise that includes Project Management, Business Process Re-engineering, Solutions Architecture, Application Implementation, Systems Integration, and Continuous Evolution Services.
